exclusive design speakers

Aalto is a unique collection of high-performance speakers for the world's most exclusive homes.

In a stereo or in a surround setup, Aalto speakers beautifully blend studio quality audio with your interior design. The cabinet's ultra slim front trim stands out with its eye-catching golden edge. Designed with attention to the finest details and handmade with love in Belgium.

aalto D4
brushed brass

Aalto speakers are characterised by their innovative, architectural build and the variety of top-quality finishes. The speaker cabinet is made of aluminium, brass, bronze or nickel, setting a new standard in speaker manufacturing. It beautifully matches with your interior design and Basalte's exclusive line of keypads and control panels.

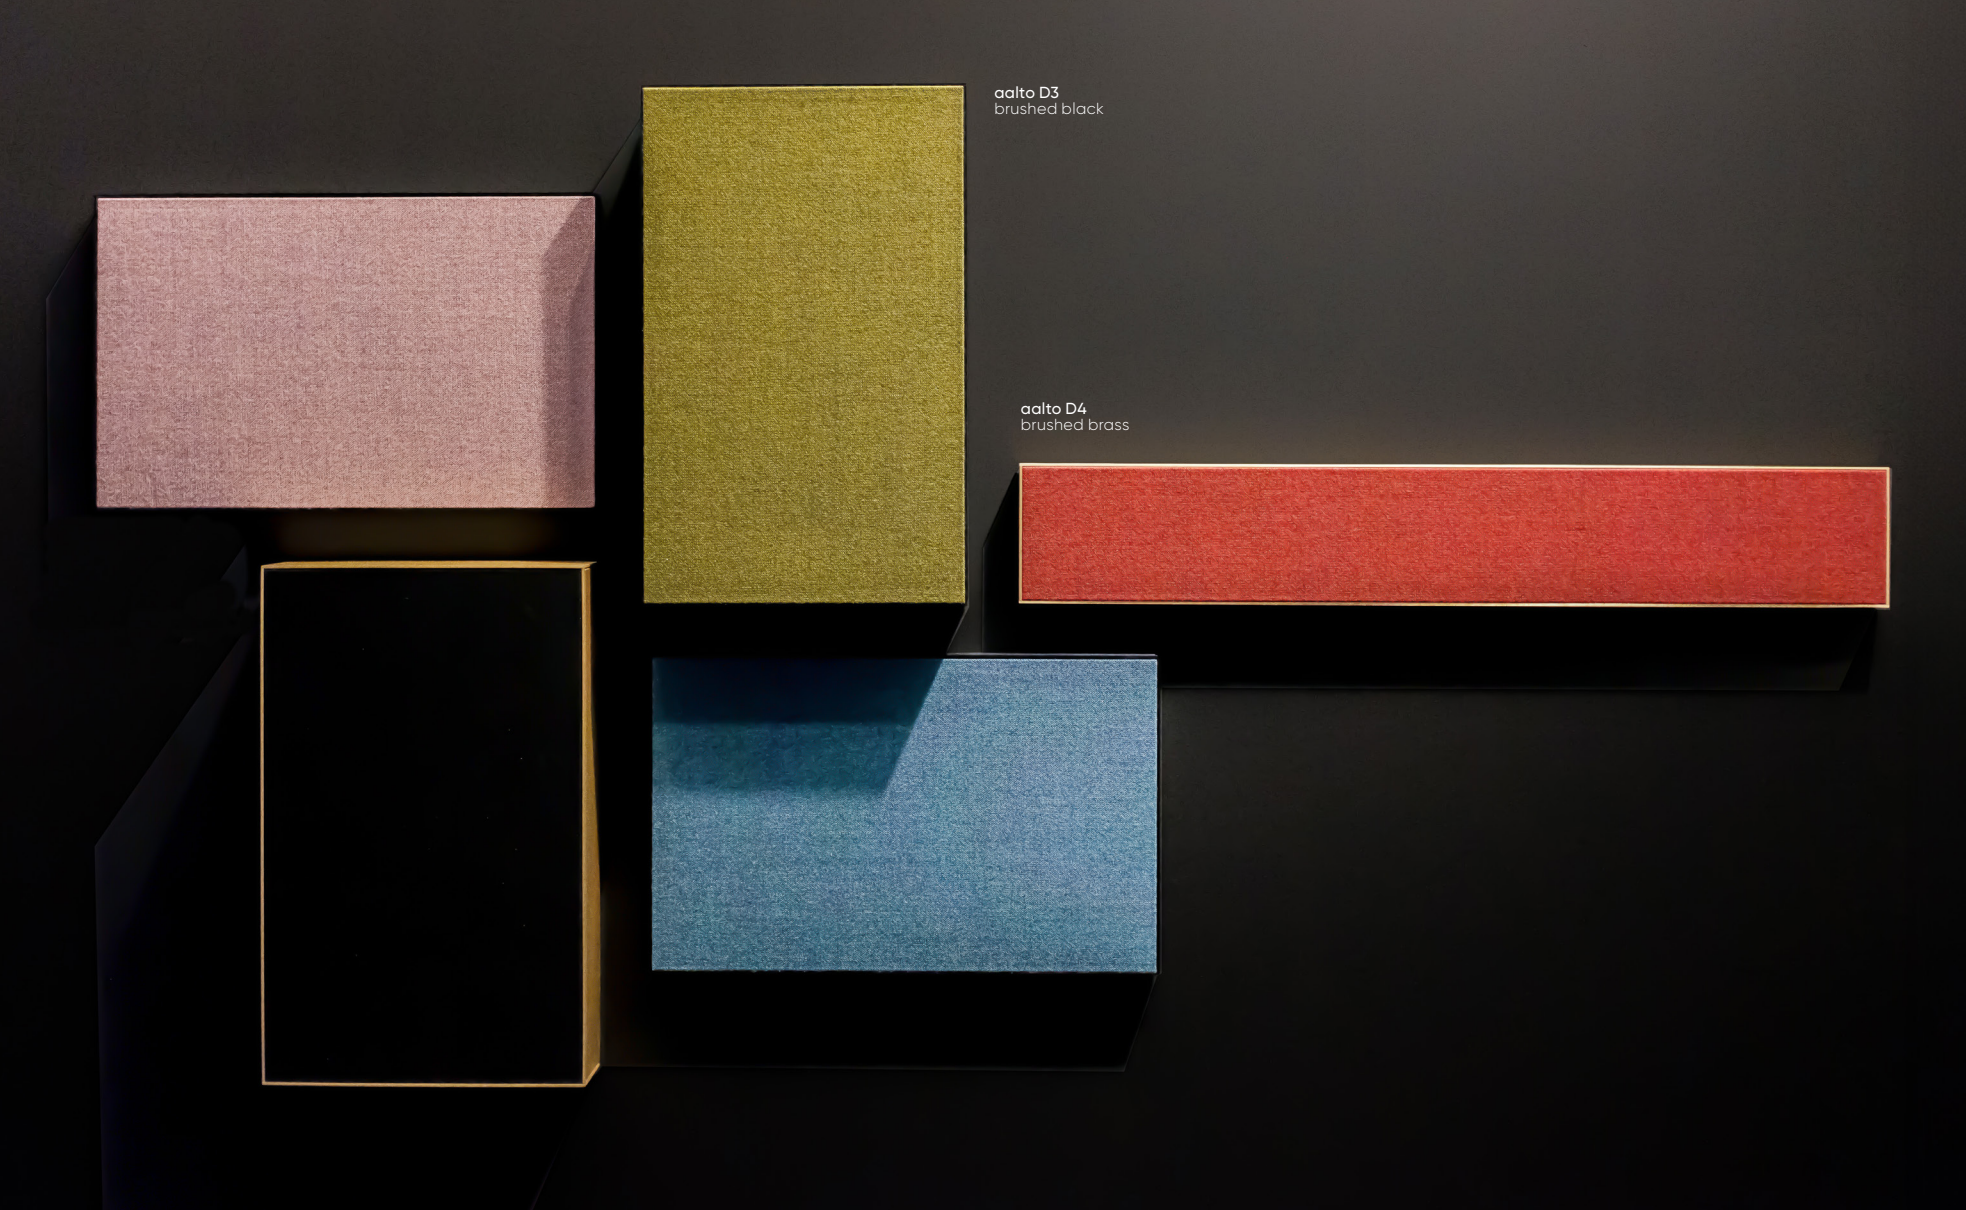

For the front cover, you can choose from a handpicked palette of top quality fabrics by Gabriel and Kvadrat from Denmark. Plenty of choice to find the perfect combination that fits your home.

exceptional sound

Aalto active speakers combine top quality audio with an unequalled ease of use. Enjoy your own and streamed music around the house, perfectly tuned for every space and in crystal clear quality.

Your favourite playlists, radio stations and even old-school record player are only a tap away with our Basalte Home app, keypads and Miro remote. We bring music to the most important place in life: home.

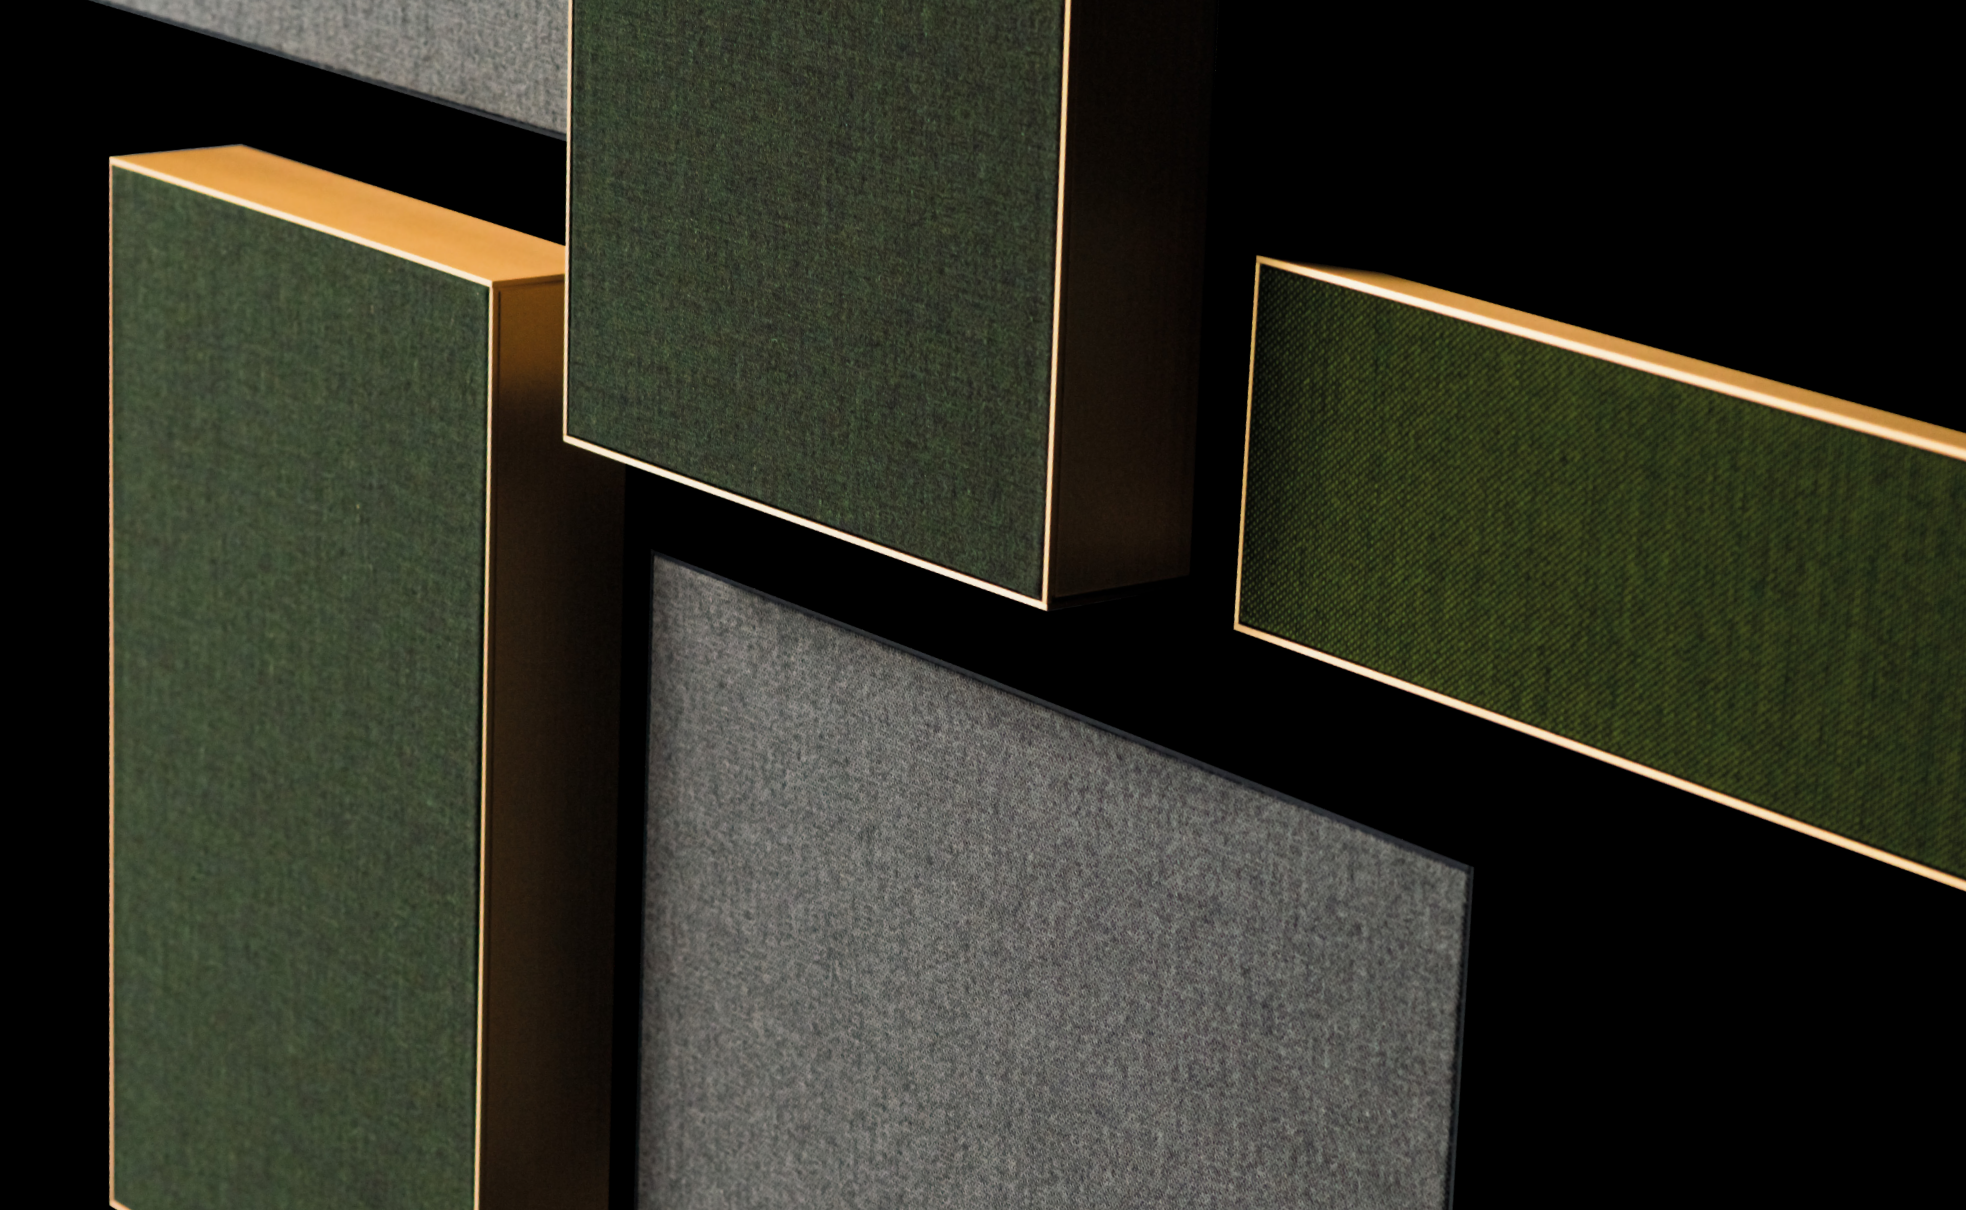

basalte

High-quality drivers in combination with advanced DSP processing bringing you an optimal music experience.

All speakers and soundbars have a Bluetooth receiver and audio input to easily connect a TV or other audio sources to enjoy your music in any room of the house.

Our Aalto subwoofer uses acoustic suspension. The drivers are mounted in a sealed cabinet to create that perfect and most powerful bass.

The powerful amplifier is designed in-house and perfectly incorporated into the speakers. No need to hide separate amplifiers, Aalto has everything you need!
